It's getting very close.....

The snow and ice and freezing temperatures have subsided, we have reached and surpassed the first day of spring. The grass is beginning to grow, the flowers blooming and the cabin fever has gone away for most of us here in the US.

The show season as began for us that don't live where they have them year around! Goodguy's just recently kicked off their first show of the season as of me writing this article have just about completed the Texas show!

Hopefully all of our rides are in working order or getting close for the cruising season to begin! I know I've been following along on my favorite social media outlet in which they are indeed getting ready!

We went to our first show of the season about a week ago, albeit an indoor show, but a show none the less! My ride is currently in the shop getting a few repair items squared away and will be ready to go here shortly! Stay tuned right here in the magazine and on Facebook for coverage of all that summer time fun with our rides! It's getting very close!!!!!! Enjoy!!! WMM

Voodoo Hoodoo 4 took place Saturday October 4th at the Super 8 Motel in Bowling Green, Kentucky just about an hour and a half north of our Murfreesboro Head Quarters..

The weather was a bit crisp but perfect for a pre 68 car show. There were hot rods, rad rods and customs present for your enjoyment. Jr's brought out their valve cover racing drag strip for the young and the young at heart to enjoy.

Even though the attendenance seemed a bit low, there were some nice rides to check out as you will see below. I'll certainly be looking forward to Voodoo Hoodoo 5 this fall! WMM

Here is one cool '56 Ford. I love the lowered stance and wide whites and cool hubcaps. SMOOTH!!!

This '56 Chevrolet Pickup looks clean and straight with the cream suede and wide whites and body matching rally wheels!

This is one low '65 Chevrolet Bel-Air. Looks like it bagged, love the green color and the trim and chrome is spectacular!

This '39 Chevrolet Coup is off the hook! Perfect stance, wide whites and the interior is a work of art and as clean as they come!!!

This '64 Chevrolet Impala SS is nice and clean and is sporting a round of baby moons!

This was one very cool hot rod pickup! Check out that power plant, I bet you won't see another one like it!

Steve Rennick Sr. was too cool for school is his flamed '54 School Bus. I usually see one of these at most of the shows I go to!

'63 Chevrolet Bel-Air wagons don't much cooler! Check out that custom lace job on the roof!!!

This '64 Oldsmobile Dynamic 88 has just the right amount of patina and sets low over a round of old school 5 spokes. Cruisein!!!!

Suede with a round of wide whites and a killer painted roof was certainly the theme of the day!

JR's brought out a cool valve cover drag strip to help entertain the young and the young at heart! This was a lot of fun to watch!

They say all good things must come to and end. I think the Music City Halloween Rod Run, in it's 40th season, is probably no different.

The Music City Halloween Rod Run betan in 1974 and was hosted by the Shadetree Streetrods. I've been going on an off since the late 90's. This was always one of my favorite shows of the year. It was located near the Nashville International Airport, located in a hotel parking lot that had tons of parking and this show would bring in the out of state cars to Nashville.

I would say they were coming into town to see the leaves turn color, maybe do a little Christmas Shopping and take a fall break in Music City.

These guys always had cool music blasting on the PA, they also had some cool car show t-shirts and sweatshirts all at reasonable prices.

I'm not sure why the group decided that 2014 will be their last year, but when you think about it, if this show started in '74 with a bunch of 20 somethings, they would now be a bunch of '60 somethings and may want to enjoy another hobby in their golden years?

Whatever the reason is for them deciding to hang it up after 40 years is unknown to me, however, I certainly wish them a luck in any future endeavors and will certainly miss all the cool Street Rods coming to Music City in October!. WMM

Lynn Miller came out from Gootlettsville, TN in his '37 Olds Coupe. Check out the low slung stance and those large polished hoops!

Lynn's interior is set up for maximum comfort with brown leather, a nice gauge cluster to keep up with the cars vitals.

Lynn belongs to the Laid Back Cruisers car club!

This cool '40 Ford cruised out from the great state of Texas. It's polished to the hilt and features a well detailed LS power plant!

This large two-toned cruiser is done up nice riding over a set of polished Americans! The interior is clean, plain an simple!

What a cool graphics treatment on this fat fendered ride! Looks like the white may have some pearl in it and it cruises on polished Americans.

(Top) Mike Jordan - '40 Ford Coupe - Hendersonville, TN
(Bottom) Cover Photo - Al Morton - '40 Ford - Puryear, TN

Eli and John Palmer from Springfield, TN co-own this '37 Ford. They belong to Goodguys and NSRA car clubs!

Drop tops don't get much cooler than this one. Check out the perfect color matching interior!

(top) Long and lean....a cruising machine!!!

(bottom) Glenn Lacer - '30 Ford Standard - Evansville, IN

WOLF MOTORSPORTSMAGAZINE.COM

Joe & Barb Hays - '37 Ford - Evansville, IN - Old Tin Car Club

Randy Yates - '48 Plymouth Special Deluxe - Corydon, Kentucky

Travis Oliver - '48 Chevrolet Pick Up - Carthage, TN

Looking at these photos details abound. What a nice truck and an awesome theme!!

Joanne Lambert - '46 Chevrolet Pick Up - Ashland City, TN

In these photos, it's all in the details with a womans touch!

BENCH RACING

Bench Racing is defined in several different ways. The urban dictionary defines Bench Racing as:

1. To discuss quarter mile elapsed time of a car based on a list of modifications or horsepower estimate.
2. To discuss the estimated output (in horsepower) of one engine versus another based on lists of modifications done to each engine.
3. To discuss the estimated output (in horsepower) of one engine versus another based on lists of modifications done to each engine.

While I do agree with the Urban Dictionary's definition of Bench Racing, Bench Racing in the context of this section of the magazine will be defined as:

1. Discussion of ANYTHING automobile related between at least two individuals with the goal of passing time at a car show, sharing automotive related ideas, opinions or entertaining themselves or others.

Please feel free to share your bench race session with the readers by emailing:

benchrcing@wolfmotorsportsmagazine.com

The Lonestar Round Up.....

The dates are set, the air fare taken care of, plans are made for lodging and transportation the only thing that remains is the anticipation of Thursday April 16th when we here at the magazine take our first trip of the year to The Lonestar State to meet up with old friends and enjoy everything that Austin has to offer!

This will all be centered around The Lonestar Round Up! The show starts on Friday April the 17th and concludes Saturday April 18. We will be eating the best food around, listening to some awesome live music, photographing cool rods and customs from all over the world!

On Sunday the 19th the fun continues with an invite to Mercury Charlie's new digs for more live music, cool rods and customs and plenty of bench racing! Stay tuned here for full coverage in an upcoming issue and quick daily updates on our Facebook page!! It's Lonestar Round Up time folks!!! Enjoy! WMM
